**John Carson Joins Noble Environmental Power as SVP, Project Finance**

*Renewable energy leader gains experienced finance executive*

ESSEX, CT — John Carson, a renewable energy finance executive, has joined Noble Environmental Power as Senior Vice President (SVP) of Project Finance, the company announced today.

Mr. Carson, experienced in all aspects of renewable energy financing transactions, previously held Senior Vice President positions at GE Energy Financial Services and most recently, at Terra-Gen Power.

As SVP, Project Finance, Mr. Carson will be responsible for overseeing the debt and equity financing of Noble's project portfolios and maintaining relationships with the company's lenders and tax equity investors.

"We are thrilled to have John on board and leading our Project Finance Team. His extensive experience across the renewable energy sector will be a strong asset as we continue to grow our generation portfolio," said Noble CEO Walt Howard.

Mr. Carson holds a Master's of Business Administration degree from the University of Chicago and a Bachelor of Science degree from Purdue University.

Noble's generation portfolio consists of 726 megawatts of operational capacity. Additionally, Noble has approximately 1,900 megawatts of clean, renewable wind energy projects under development throughout the United States.

***About Noble Environmental Power***

*Noble is a leading renewable energy company that is majority owned by funds affiliated with JPMorgan Partners, LLC, which are managed by CCMP Capital Advisers, LLC. Noble was founded in 2004 in response to public policy initiatives designed to foster the increased use of renewable energy sources. Noble is committed to creating environmentally friendly facilities in partnership with local communities. Based in Essex, CT, Noble has offices in New York, New Hampshire, and Texas.
