**NOBLE ENVIRONMENTAL POWER STATEMENT ON FIRE AT ITS  
ALTONA WINDPARK**

Essex, Ct – Noble Environmental Power learned of a fire at its Altona, NY windpark. At this time, only preliminary information is available. What we do know is that:

1. One wind turbine at the Noble Altona Windpark caught fire.
2. The fire department responded and has departed the scene.
3. The fire is no longer burning.
4. The site has been secured.
5. The damage appears to be confined to the turbine.
6. There were no injuries reported.
7. There is no danger to the public.

The cause of the fire is not yet known, nor is it possible at this point to state how long it will take to make a determination of the cause of the fire.

Updates will be provided as information becomes available.
